Admire Economic Success Dr. McFarland Tells Graduates

Dr. Kenneth McFarland told the Murray State College graduating class Monday night that Americans should be taught to admire and desire economic success instead of viewing it with suspicion.

Speaking at the college's twentieth commencement, Dr. McFarland said that while economic success is not the only kind of success that is important, it is the kind that makes the free enterprise system work.

Dr. McFarland is an educational consultant and lecturer from Topeka, Kansas.

"Perhaps no other people so love a winner as do Americans," said Dr. McFarland. "If a person goes into a contest and plays it hard and fair

Dairy Month Opens Here With Dinner

Miss Jane Harrison, daughter of Mr. and Mrs. Jack Harrison of Farmington, the present Kentucky Dairy Princess, was the honor guest last night at the Triangle Inn at a dinner sponsored by the Ryan Milk Company.

The event opened the June Dairy Month festivities here in Calloway County. Guests at the dinner also were Miss Patricia Ann Overbey, Calloway County Dairy Princess. Both young ladies are sponsored by the Ryan Milk Company.

County Judge Robert O. Miller delivered the principal talk of the evening. He spoke on the dairy industry in Kentucky and the dairy products of milk as a food.

Miss Harrison, Kentucky Dairy Princess, also spoke to the group of dairymen and business men gathered for the dinner, on milk as a wholesome food.

James Garrison, of the Ryan Milk Company, presided and introduced Judge Miller. Garrison also introduced Jim Walston, field man for the company, who in turn introduced Miss Harrison.

Approximately 45 persons were present for the occasion including a number of dairymen, and representatives of local business.

Last year's Kentucky Dairy Princess was Miss Marjorie Myers of Calloway County. Miss Harrison, this year's princess lives just outside Calloway County in Graves county. The program last night was held at 6:30.

Pupils Of Miss Watters In Recitals

A piano recital by the pupils of Miss Lillian Watters will be held at Murray High School at 7:30 to 8:00 p. m. Thursday night and on Friday night.

The public is invited to attend each of these three recitals to hear these pupils perform.

WINS CLASS OFFICE

Bettie Smith of Kirksey has been named secretary of the senior class of Lambuth, Jackson, Tennessee. It was announced today. She will assume office at the beginning of the next school year.

Weather Report

Western Kentucky — Considerable cloudiness this morning, becoming partly cloudy this afternoon and mild. Partly cloudy and mild tonight. High today mid 80s, low tonight mid 60s. Wednesday partly cloudy and a little warmer.

Temperatures at 5 a. m. (EST): Lexington 62, Louisville 64, Covington 61, Paducah 64, Bowling Green 65, London 60, Hopkinsville 65, Huntington, W. Va., 62 and Evansville, Ind., 67.

Church Women Hold Dinner For Seniors

The women of College Presbyterian Church entertained on Sunday evening with a dinner honoring the College Seniors in the Westminster Fellowship group of the Church. Mrs. A. H. Kopperud headed the committee in charge of the dinner and table decorations were arranged by Mrs. Paul Lynn. They included white candles and red rose arrangements with a large rose filled centerpiece on the buffet table. Tiny black mortarboard hats marked each place at the table and the programs were in the form of diploma and mortarboard design.

Members of the Westminster Fellowship Advisory Committee participated on the program as follows: Invocation, Dr. A. H. Kopperud; Welcome, Rev. Henry McKenzie; Installation of officers for next year, Professor Paul Lynn; and the Address of the evening was given by Miss Regina Senter.

Mary Ann Rabenau, Moderator for 1962-63, presided over the program, introducing guests and honored members.

Officers installed for next year are Mary Smith, Owensboro, Moderator; Gary Floyd, Clinton, Vice Moderator; Cindy Cole, Kirkwood, Mo., Clerk and Treasurer; Judy Runyan, Pontiac, Michigan, Representative to the Campus Religious Council and Publicity Chairman; and Joe W. Randolph, Nortonville, Activities Chairman.

On last Wednesday evening the Westminster Fellowship group held a party honoring three couples among their members who will be married this summer. They are Brenda Beard, Chandler, Indiana, and James M. P. Richmond, Indiana, who will be married June 15 in Chandler; Karen Davolt, Snetfield, Iowa and Gary Floyd, Clinton, Kentucky, whose wedding will also be on June 15 in Sheffield; and Mary Ann Rabenau, Augusta, Missouri and Joe W. Randolph, Nortonville, whose marriage will be performed July 20 in Augusta by the Rev. Henry McKenzie, pastor of the College Presbyterian Church of Murray.

Rotary Scholarship Winners Are Outstanding Young People

The four young people who received the Murray Rotary Club scholarships last week are outstanding in many fields. They rate high scholastically, yet their record indicates they are well-rounded individuals at the same time.

The scholarships were provided by the Rotary Club and amounted to \$250 each. The money was raised through the club's sponsoring of the production "The Stubbfield Story."

A short sketch of the four scholarship winners is printed below.

John Otis Pasco, Jr.

John is the son of Mr. and Mrs. John O. Pasco and is a graduate of Murray High School. He will enter the fields of mathematics, physics, chemistry and biology.

He was a member of the National Honor Society, Quill and Scroll, received a Letter of Commendation from the Kentucky College Qualification Test, Letter of Commendation from National Merit Scholarship, attended the MEC Summer Science Institute, won a scholarship to the International Relations Center at the University of Louisville in 1962. While in Murray High he was Hi-Y champion, chairman of the Constitutional Revision Committee, in the band, pep band, quad state band, band treasurer, in debate club and was treasurer of the club.

John was sixth in his class scholastically.

Eddie Lee Grogan

Eddie Lee is the son of Mr. and Mrs. Leon Grogan and is a graduate of Murray High School. He was a member of the National Honor Society, third in his class scholastically, voted most likely to succeed, member of the Quill and Scroll, State 4-H winner, won scholarship in the Egyptian Music Camp. While in Murray High he was in the band, was drum major, editor of the annual, and Hi-Y member. He received piano and horn ratings of superior, rated superior in regional speech contest and was district 4-H president. He also received the Arion Award for outstanding music ability. He will be a pre-med student.

He placed very high in all qualification and classifications tests.

Graduating first in her class, she was an honor graduate, was outstanding in art, won State FFA degree, won NOMA math award, was on the student council, Beta club, in FFA, Pep Club and was a class officer.

She placed very high in all qualification and classifications tests.

Mr. and Mrs. Richard A. Emerson of Louisville, Kentucky are the parents of a baby girl, Ann Austin Emerson. She weighed seven pounds and eleven ounces at birth. Mrs. Emerson was the former Milcent King. Maternal grandparents are Mr. and Mrs. Millage King of Herlin, Illinois. Paternal grandparents are Mr. and Mrs. T. C. Emerson, Jr. of 1307 Main Street, Murray.

ESCAPE-RECAPTURED

PARIS, Tenn. (AP) — Four young prisoners escaped from jail here Monday by setting fire to a mattress and fleeing when ordered to take it outside. Three of the four were captured a short time later.

Quotes From The News

By UNITED PRESS INTERNATIONAL

VATICAN CITY — From among the last words of Pope
John XXIII:

"Death is not an ending. With death a new life begins,
a glorification in Christ."

WASHINGTON — President Sarvepalli Radhakrishnan
of India, in a statement for delivery to the World Food
Congress:

"Peace and stability can never be maintained in this
world if more than half of its population have to remain
hungry throughout the year."

BIRMINGHAM, Ala. — Burke Marshall of the Justice
Department, commenting on Alabama Gov. George Wallace's
threat to physically block the enrollment of two Negroes
at the University of Alabama:

"We do not think he has the right to physical action
which brings him in contact with officers of the United
States."

WASHINGTON — Sen. Edward V. Long, D-Mo., propos-
ing a "freedom of information" bill covering most govern-
ment agencies:

"The great strength of a democracy is that it does not
operate behind closed doors."

TV CAMEOS: Jock Gaynor

Doctoring Up a New Daytime Show

By ED MURELL

AS ALL discerning viewers
know, television runs in cycles.
A couple of seasons, it's out-
turners. Next, it's private eyes.
And in still another period—
like last year and this—it's the
boys with the scalpels and as-
sorted medical paraphernalia.
Inevitably, too, whatever is sta-
ple fare in nighttime video even-
tually finds its way down to
daytime TV.

No one is more aware of this
than six-foot, four-inch Jock
Gaynor, currently starring as
Dr. William Scott, one of the
leads in NBC-TV's "The Doc-
tors," which is telecast five
times weekly from 2:30 to 3
p. m. Fortunately for him, he
is used to the vagaries of his
profession and has a sense of
humor about the things that
happen to him.

"In the last few years I've
run the gamut—hoodlums, cow-
boys and Indians and now the

medical bit," he said with a
smile as he sat in his New York
apartment. "Naturally, I'm
more than pleased about play-
ing a role that is contemporary."

"A couple of seasons ago, I
started in 'The Outlaws,' which
was shot in Hollywood. As is
customary there, they put me
in a slot after the show went
off the air. I was either cast
as a good Indian or a bad white
man. I wasn't considered sin-
ister enough to be a bad In-
dian, but I was dark enough
to be a rotten white man."

"The role of Dr. Scott gives
me more acting to do than any
nighttime series or a dozen mo-
tion pictures. The least that
can be said about the switch
to surgery is that it's cleaner."

Although he's only been play-
ing Dr. Scott for some weeks
now, Jock says he's a "looser"
in more ways than one. "The
score to date is two 'patients'
and a scalpel. That occurred re-
cently during an operation when

At a N. Y. hospital, actor Jock Gaynor looks on as Dr. M.
Hornel demonstrates equipment. Jock (left) as a TV doctor.

I dropped one into the 'patient'

that the sponsor of 'The Doc-

tors' does sell cleansing agents.

A one-time minor league

baseball pitcher, New York-

born Gaynor, 30, started his

show business career as a set

designer. Around 1954, he be-

gan to get jobs as an actor on

TV. "Between designing and

acting, I found I was knocking

myself out," he said, "so I

switched completely to acting

because the pay was better."

In addition to TV appear-

ances on such shows as "Omni-

bus," "Kraft Theater," "Bour-

bon Street Beat," "Wyatt

Earp," "Colt 45" and "The Out-

laws," Jock has played leads

with road and stock companies.

While appearing in Asbury

Park, N. J., in 1958, he met and

married his wife, Grace, a

singer, dancer and actress.

Since he has returned to a

continuing role on TV, Jock's

fan mail has increased. "I'm

getting letters from loyal fans

who remember me on 'The Out-

laws' and other shows. They

mention watching some of my

old shows a couple of times. In

fact, they mention some things

about my career that I'd rather

forget," he concluded banter-
ingly.

Foltz, Glover Receive Top Awards At Annual All-Sports Banquet

Gary Foltz and Tommy Glover,
both members of the football team,
won top awards at the annual All-
Sports banquet Thursday night.

Foltz, all-OVC first team end
and Little All-American for the
Thoroughbreds this year, received
The Paducah Sun-Democrat award
presented for outstanding athletic
and scholastic achievements while
at Murray State.

Named to the all-OVC first team
as quarterback, Glover received the
"MSC Athlete of the Year" award,
by KPVS-TV, Cape Girardeau.

Glover's selection resulted from a
poll of the MSC coaching staff to
name the best over-all athlete.

Highlight of the evening was the
presentation of the first OVC All-
Sports trophy to President Ralph
H. Woods by the conference's new-
ly-elected commissioner, Mr. Art
Guepe of Nashville.

The award was set up last spring
to recognize the college having the
greatest success in the athletic pro-

grams for the entire year. The high-
er a team finishes in the standings,
the more points it receives.

In each varsity sport a Bill Hunt
trophy was presented. The team
member selected by his teammates
as the most valuable player.

The football player selected by
his teammates was Foltz, senior,
Champaign, Ill. Al Varnas, junior,
Chicago, was selected the most
valuable by the basketball squad.

The outstanding baseball award
was presented to Ron Anderson,
slugging third-baseman. Anderson
is a sophomore from Chicago.

Bob Doty, junior, St. Elmo, Ill.,
OVC champ in the 100-yard dash,
was picked as the most valuable
man on the track team. The No. 1
position player on the tennis team
this spring, Bill Bowen, Flora, Ill.,
was chosen for the tennis award
by his teammates.

Bill Graham, senior, Murray, was
selected most valuable golfer for
the second straight year by his

teammates. Graham also won the
OVC individual golf championship
for the second time in a row this
year.

Coach Bill Furgerson, supervisor
of the intramural athletic program,
presented co-directors Jim Hunter
Thompson and Leon Britton with
awards for their outstanding work
directing the intramural events.

Mr. Ray Elliot, former head foot-
ball coach at the University of Illi-
nois, serving now as athletic di-
rector, was the banquet speaker.

"Anyone can do the easy things,"
said Mr. Elliot, "but when you
have to go deep into your heart to
pull out the big one to get the job
done, that's when you reach the
great heights of a man."

Mr. Elliot remarked that the
challenges faced on a football field
are similar to the ones faced in
life. "We must never give up too
soon; a great desire and will are
important if the job is to get done."

marked that the one on a football field, the ones faced in never give up too, in you reach the man.

This post peeler at the John Call sawmill at Princeton, Kentucky is turning out pine posts ready for shipment to preserve pine plantations in Kentucky. The raw pine posts, peeled by this machine, are one of a group of four products grown in the pine plantations of western Kentucky. Other products are poles, sawtimber and pulpwood. Tree planters and pine plantation owners can learn more about the profitable utilization of their pine timber at a special demonstration to be held on the Pennyryle State Forest, June 5, at 10 o'clock, a.m. John Call, center, serving as operator on the post peeling machine will appear at the pine plantation demonstration to answer questions on pine products markets. Foresters from the Division of Forestry, Department of Conservation will also assist in the pine utilization and marketing program on the state forest.

The call is out to all pine tree planters and pine timber cutters of western Kentucky to attend a special demonstration at the Pennyryle State Forest on June 5. The demonstration covering profitable cutting and marketing of pine products, will take place in a lobby pine plantation located on State Highway 106, north of Hopkinsville, Kentucky.

Once a southern pine plantation reaches its first harvest stage in about 20 years, all landowners of western Kentucky who planted pine seedlings as far back as 1940 will find this cutting and marketing demonstration of particular interest. Foresters from the Division of Forestry, Department of Conservation and two well-known timber cutters will be present to explain current market conditions and specifications.

be borne in procession to the Basilica of St. Peter's. Starting Wednesday, hundreds of thousands of the people of Rome and all others who wish, will begin filing by for a final salute to the late pontiff, who gave a new warmth to religious statesmanship.

Pope John died in his simple bed in the apostolic palace Monday night at 7:49 p. m. (EDT) after almost 94 hours of suffering from a stomach tumor and peritonitis.

The suffering showed on his face as he lay richly-robed on a red-draped catafalque placed in a salon of the Vatican Palace. His gloved hands were clasped over a beloved crucifix.

Flanked By Guards

A tall Noble guard, wearing plumed helmet and holding his sword at salute position, stood on either side of the catafalque which was flanked by four giant candles.

Pope John had on soft, richly-embroidered cloth slippers with soles that showed they had been worn.

The robes were the same he wore for a consecration of new bishops in the Basilica of St. John in Lateran two years ago.

The worn shoes were almost indicative of the earthy character of the Pope himself, who came from peasant stock in the rugged mountains of northern Italy.

Pope John's body was brought from his bedroom to the salon shortly after dawn, and at 9 a. m. 4 a. m. EDT there began a steady stream of distinguished visitors, ranging from President Antonio Segni of Italy to members of the diplomatic corps accredited to the Holy See.

for foreign language and also received the girls League Award and the Los Compadres Trophy in the same field. She has qualified as a Life Member of the California Scholarship Federation and was recently selected as one of the "Top One Hundred" among the 3,500 students in the area to be honored for academic excellence by the local Rotary Club. Marilyn was born in Murray and attended school through the fifth grade before moving to Montreal, Quebec for three years and then to California in 1960.

Miss Moyer has completed one year of Russian, three years of Spanish, four years of high school French and one year of college French. Her activities include being a member of the Drill Team in her junior year and Pom Pom Girl and Homecoming Princess this year. She sings in an 80 voice mixed chorus, a 30 voice concert choir and a girls trio. She is presently serving as vice-president of the local Teen Center which sponsors Friday night dances for the high school and junior college teens in the area.

Night Grad Party" at Disneyland. Marilyn will enter the University of Redlands in September and plans to major in French and minor in Russian.

County...

(Continued From Page 1)

The allocation for instruction includes one additional teacher and \$4,000 for substitute teacher salaries. Attendance services includes the salary of the attendance officer, materials and supplies necessary to the function of his office.

The \$95,000 set up for pupil transportation does not include more than \$14,000 necessary for the payment of the six new school bus chassis and change-over of the present school bus bodies to the new chassis.

The figures are only estimated amounts and will vary somewhat with the needs of the new fiscal year.

Estimated receipts for the fiscal year include an approximate beginning balance of \$2,000, property tax assessment, \$142,583, assessments on corporations \$22,500, tax on bank shares (Dees Bank, Hazel) \$366, poll tax \$600, revenue in lieu of taxes and delinquent taxes \$2,000.

145, less cost of collections and etc. for a total estimated income from the district of \$166,819. The county system expects to receive approximately \$457,012 from the foundation program, \$3,000 in other state aid for a total receipts of \$626,831.

Taylor Home Scene Of Tea Shower For Sandra McClure

The home of Mrs. Tommie D. Taylor was the scene of the lovely tea shower given in honor of Miss Sandra McClure, bride-elect of Jerry Henry.

Hostesses for the bridal event were Miss Sandra Miller, Mesdames William Edwards, H. W. Wilson, L. D. Wilson, Dane McClure, and Taylor.

Miss McClure chose to wear for the occasion a multicolored silk dress with white accessories and a hostesses' gift corsage of yellow carnations.

The honoree's mother, Mrs. Grayson McClure, wore a beige cotton lace dress with beige accessories, and her mother-in-law to be, Mrs. Eunice Henry, wore a yellow cotton eyelet dress with white accessories. They each wore hostesses' gift corsages of white carnations with green accents.

The beautifully appointed tea table was covered with a lace cloth over yellow and centered with a bride doll surrounded with yellow daisies and baby chrysanthemums. The appointments were in silver with Miss Miller presiding at the punch bowl.

Other floral arrangements included a magnolia bouquet on the coffee table. Yellow candles in silver candleholders adorned the H. P. set.

Miss Patricia Beale and Mrs. L. D. Wilson kept the register. Mrs. Edwards and Miss Beale showed the gifts.

One hundred persons called or sent gifts.

Sandra McClure Is Complimented At Wesley Foundation

Another delightful courtesy extended to Miss Sandra McClure, bride-elect of Jerry Henry, was the household shower held at the Wesley Foundation on North Fifteenth Street.

Mrs. Charles Henry, Mrs. Donald Henry, and Mrs. James Everett Hughes were the hostesses for the pre-nuptial event.

The honoree chose to wear for the occasion a blue and white cotton dress with white accessories and a hostesses' gift corsage of white gardenias.

Mrs. Grayson McClure, mother of the honoree, wore a gray dacron dress with gray accessories. Mrs. Eunice Henry, mother of the groom-elect, was attired in a brown linen frock with brown accessories. Their hostesses' gift corsages were of red roses.

The gifts, which were opened by the honoree, were displayed on a pink covered table. Games were directed by Mrs. Hughes.

Accoutrements of punch, cake, mints, and nuts were served tea style from the table covered in pink over laid with white net with the cloth caught up with large pink bows in the front. The centerpiece was of pink and white peonies in a milk glass container.

The mantel was also adorned with an arrangement of pink and white peonies. Mrs. Charles Henry kept the register which was placed on a white covered table centered with a bud vase holding red roses.

Fifty persons were present or sent gifts.

Clopton Home Scene Of Family Reunion

The Gatlin Clopton home was the scene of a reunion held Sunday, May 26, in honor of Miss Katherine Dale, Miss Neil Dale and Mrs. Ruby Dale Lane of Alamo, N. M.

Other present were Mr. and Mrs. James Clopton and son, Kip, of Murray; Dr. O. H. Clopton, Mr. and Mrs. J. O. Lane, Bessie Ann, Mr. and Mrs. Jodie Turner, Murrellsboro, Tenn.; Mr. and Mrs. Gene Dale Ray and Miss Carol Ray, Cary, N. C.

Afternoon guests were Mrs. Clayton Ray, Mr. and Mrs. Buford Hart and Vernon Subington, Sr., of Murray.

JACKIE GETS A NEW SECRETARY—Nancy Tuckerman (right) of New York City has replaced Letitia Baldridge (left) as social secretary to Mrs. John F. Kennedy. Miss Baldridge is taking an executive position at the Merchandise Mart in Chicago, owned by the President's father, Joseph P. Kennedy. Miss Tuckerman is a former trainee of the First Lady at Miss Porter's School in Farmington, Conn.

Coke Party Held At Douglass Home For June Bride-elect

Mrs. Thomas G. Parker and Mrs. Earl Douglass entertained with a Coke party for Miss Sandra McClure, June bride-elect of Jerry Henry, on Saturday, May 25, from ten-thirty o'clock to twelve noon at the home of Mrs. Douglass, 217 Woodlawn.

Miss McClure was attired in a two piece dress of green cotton and silk, complimented with a gift corsage of pink roses.

The white draped party table was centered with an arrangement of pink roses. A white wedding bell was suspended from the chandelier. Silver and crystal appointments completed the table.

Neighbors from Woodlawn Street enjoyed the hospitality. A wedding gift was presented to Miss McClure by the hostesses.

Mrs. Thomas Jones Hostess For Meet Of The Auxiliary

Mrs. Thomas Jones opened her home on North Seventh Street for the meeting of the Missionary Auxiliary of the North Pleasant Grove Cumberland Presbyterian Church held on Wednesday, May 29, at eleven o'clock in the morning.

"The Bible Today" was the topic taught by Nix Crawford to the group.

Mrs. Elmo Boyd and Mrs. Jesse Wallis gave the devotional reading from the 14th chapter of Luke.

The vice-president, Mrs. Paul Cunningham, presided and the secretary, Mrs. Boyd, called the roll. Those present were Mr. and Mrs. Crawford, Mesdames J. D. Robinson, Della Graham, Dan Knott, Merritt Lawson, J. E. Waldrop, Boyd, Wallis, Cunningham, and Jones.

Mrs. Paul Paschall Hostess For Meet Of Stella Club

Mrs. Paul Paschall opened her home for the May meeting of the Stella Homemakers Club.

The major lesson on "Deserts" was given by Mrs. James Tucker and Mrs. Fred Butterworth who demonstrated the making of coconut pecan squares.

The leaders gave dessert recipe books to members, Mesdames Clifford Smith, Kenneth Palmer, Joe Rose, Ruby Rowden, Ken Adams, Howard McCallion, T. C. Hagrove, and Paschall; two new members, Mesdames Lyman Dixon and Thelma Johnson; and visitors, Mesdames Gamble, Beulas Wilson, Kenton Broach, county president, and Herman Darnell of the Coldwater Club.

Mrs. Charles Clark, president of the Mental Health Association, gave a report on the Mental Health Center and urged everyone to join the association to help finance and support the program.

Members were urged to take part in the County Clean Up campaign by Mrs. Kenneth Palmer. Mrs. Broach discussed Dairy Month activities and Mrs. Butterworth gave the landscape notes.

Mrs. Paschall gave the citizenship lesson on "School Dropouts." She said poor readers failing on subjects, parents poorly educated, and no class or school activities accounts for 43 per cent of Kentucky's School Dropouts. Parents are urged to encourage their children and all other children to stay in school.

Plans were made for the July club picnic at the Murray City Park and for the June 18th meeting at 1 p.m. at the home of Mrs. Howard McCallion.

Tuesday, June 4th
Murray Assembly No. 19 Order of the Rainbow for Girls will meet at the Masonic Hall at 7 p.m. An initiation will be held.

The Jesse Ludwick Circle of the College Presbyterian Church will meet with Mrs. Henry McKenzie.

The Woman's Society of Christian Service of the First Methodist Church will meet in the Little Chapel at 10 a.m. The executive board will meet at 9:15 a.m. in the social hall.

The Delta Department of the Murray Woman's Club will have a potluck supper at the club house at 6 p.m. Hostesses will be Mesdames Holmes Ellis, Elliott Wear, B. H. Cooper, Graves Hendon, Charles Tuttle, Rue Beale, Misses Ruby Simpson and Ruby E. Smith.

Group I of the First Christian Church CWF will meet with Mrs. Ruth Clifton and Group II will meet with Mrs. Rudy Allbritten at 2:30 p.m.

Group IV of the First Christian Church CWF will meet with Mrs. A. H. Tisworth at 5:30 a.m.

Wednesday, June 5th
The West Hazel Homemakers Club will meet at the City Park at ten o'clock. Everyone is to bring a dish.

The Cora Graves Circle of the

Kitchen Shower For Miss McClure Held At Rogers' Home

Mrs. Phillip Rogers entertained with a kitchen shower in compliment to Miss Sandra McClure, bride-elect of Jerry Henry, at her lovely home on Miller Avenue.

The honoree chose to wear a tulle dress with two piece dress and her hostess' gift corsage was of green carnations.

Mrs. Grayson McClure, mother of the honoree, wore a blue dress with a hostess' gift corsage of white carnations. The mother-in-law to be of the honoree, Mrs. Eunice Henry, was attired in a black dress and her corsage of gold carnations was a gift of the hostess.

The bride-elect opened her gifts after which refreshments of sandwiches, brownies, and Cokes were served from the dining table overlaid with a pink cloth and centered with a white wedding bell with pink streamers.

Others present for the pre-nuptial event were Mrs. Glen Grogan, Mrs. Jerry Wallace, Mrs. Tommy Shirley, Mrs. Bobby Pann, Miss McVedith Farley, and Miss Jamie Washer.

Miss Patricia King Honored At Shower At The White Home

Miss Patricia King, June 8th bride-elect of Jimmy Thompson, was complimented with a tea-shower at the home of Mrs. Olely White on Saturday, May 25, at three o'clock in the afternoon.

The hostesses for the pre-nuptial occasion were Mesdames Edna Barrett, Alice Stealy, Paul Blacklock, Cohen Stufflefield, Joe Bruce Wilson, Wendell Allbritten, Hugh White, Pat Coleman, Robert Hendon, and White.

For the special event Miss King chose to wear a tulle dress of navy and a hostesses' gift corsage of white carnations.

Her mother, Mrs. Bruce King, wore a gray dress and her mother-in-law to be, Mrs. Pat Thompson, chose to wear a navy dress. Their hostesses' gift corsages were also of white carnations.

The beautifully appointed tea table was overlaid with a yellow linen cloth and centered with an orchid floral arrangement flanked by yellow candles. The appointments were all in milk glass. Cake, punch, mints, and mints were served.

The gifts were displayed on a table centered with a lovely floral arrangement.

Faith Doran Circle Has Luncheon Meet

The Faith Doran Circle of the WSCS of the First Methodist Church enjoyed a luncheon at the Triangle Inn for the last meeting of the church year.

Mrs. Doran, chairman, presided over a short business session during which plans were made for the dinner meeting of the Board of Stewards on July 5.

The vice-chairman, Mrs. J. E. James, presented Mrs. Doran with a gift from the circle Mrs. O. C. Wraether led the closing prayer. Twenty-four members were present.

College Presbyterian Church will meet with Mrs. Charles Ober at 8 p.m.

Thursday, June 6
Group III of the First Christian Church CWF will meet with Mrs. Charles Warner at 8 p.m.

Friday, June 7
The Grace Wyatt Circle of the College Presbyterian Church will meet with Mrs. A. W. Simmons, Jr., at 9:30 a.m.

Monday, June 10
Temple Hill Chapter No. 511 Order of the Eastern Star will have Friendship Night at the Masonic Hall at 7:30 p.m. Members note change from regular meeting date.

The Dorothy Moore Circle of the College Presbyterian Church will meet with Mrs. A. M. Harvill at Hazel at 6:30 p.m.

Mrs. Lawson Fennel Honored At Dinner On Her Birthday

Mrs. Lawson Fennel was honored with a dinner in celebration of her birthday at her home on Dexter Route One on Sunday, May 26.

Those present were Mr. and Mrs. Maydon Williams and daughter, Edna, Mr. and Mrs. Floyd Cox and children, Donald and Shirley, Mr. and Mrs. Paul Fennel and children, Debbie, Patricia, and Mack, Mr. and Mrs. Orville Evans and children, Larry and Gerry, Mr. and Mrs. Dale Campbell and children, Tommie, Barbara, and Dianne, Mr. and Mrs. Homer Fennel and children, Charles, Linda, and Kenneth.

Also present were Mr. and Mrs. R. J. McDougal and daughter, Rena, Mrs. Otis McDougal, Cordie McDougal, Mr. and Mrs. Willie Holt and son, Jerry, Mr. and Mrs. Ed Holt, Mr. and Mrs. Donald Holt, Mr. and Mrs. Cecil Holt, Tase and Brenda, Mrs. Anna L. McManus and daughter, Patty, Mrs. Myra Holt and son, Keith, Mrs. Myrtle Wallace, Mrs. Pearl Sullivan, and Jewel Holt.

Out of state guests were Mr. and Mrs. E. L. Collins and daughter, Kathy, Ridgely, Tenn., Mr. and Mrs. John Harper and children, Johnnie, Darlene, and Loreta, of Hornsbeck, Tenn., Mr. and Mrs. David Spaul, Pomona, Calif., Mrs. Vignie Hooper and Mrs. Myrtle Stenwinder, Ridgely, Tenn.

Following the ceremony a reception will be held in the Fellowship Hall of the church. All relatives and friends are invited to attend.

PERSONALS

Mr. and Mrs. Ray Ross spent the holiday weekend with his brother and family, Mr. and Mrs. J. B. Ross and son, Jimmy, of St. Louis, Mo.

Bridal Shower For Miss Higgins Held At Grogan Home

Miss Millie Higgins, bride-elect of Danny Thompson, was honored with a bridal shower on Thursday evening at the home of Mrs. Bobby Grogan on Beale Street with Mrs. John Nanny as cohostess.

For the pre-nuptial occasion the honoree, who is the daughter of Mr. and Mrs. Grant Higgins of Murray Route One, chose to wear an aqua dress trimmed with matching lace and white accessories. Her hostesses' gift corsage was of white carnations with pink accents.

Mrs. Joe B. Smith, Mrs. Tom Ed Travis, and Miss Carolyn Fulton were the recipients of the game prizes and they presented them to the honoree.

Miss Higgins opened her many gifts after which refreshments of cake, trimmed with bells, and punch were served by Mrs. Grogan and Mrs. Nanny.

Present for the occasion were Mesdames Curtis Taylor, Joe B. Smith, Grant Higgins, Tom Ed Travis, Ralph Riley, Lee Travis, Ora Bell Travis, Misses Carolyn Fulton, Jennifer Riley, Gracie George, the honoree and the hostesses.

The sending gifts but unable to attend were Mrs. Ruth Tutt, Miss Geraldine Gibson, Mrs. Clovis Noles, and Mrs. Kathryn King.

Mrs. Luther Downs Hostess For Meet

Mrs. Luther Downs was hostess for the May meeting of the South Pleasant Grove Homemakers Club held at her home with Mrs. Stanley Grogan, president, presiding.

The lesson on "Deserts" was presented by Mrs. Ellis Paschall, Mrs. Ermine Stewart, and Mrs. Dennis Boyd. They had prepared desserts which were served to those present from the table centered with a pink floral arrangement.

The devotion was given by Mrs. Downs and group singing was led by Mrs. Ellen Orr. Officers were elected.

Mrs. Sadie Cochran will be hostess for the June meeting.

Dear Abby . . .

She's Burning!

Abigail Van Buren

DEAR ABBY: My husband's older sister is one for the books. She lives near me and drops in to visit quite often. Lately she has been getting "hot flashes." She tears off her blouse or her dress (or whatever she is wearing) and pulls off her beads and earrings like a woman possessed. I have an 11-year-old son and I don't want her undressing in front of him. I have to be on my guard constantly and when she starts having a hot flash I get the boy out of the room, but fast. Now this sister-in-law was widowed in the past year, and I think these flashes are way overdue as a bit of sympathy. Can't her doctor give her shots or pills to help her? She claims he can't.

SISTER-IN-LAW

DEAR SIS: I have a "hot flash" for you, lady. What helps some women is of no help to others. Your sister-in-law needs sympathy and understanding, not criticism.

DEAR ABBY: I have been married for eight months now, and happily, except for one thing. My husband still gets phone calls from his ex-wife. They had no children so there are no family or financial ties to discuss. About three months ago I thought the calls had stopped, but I happened to come home for lunch the other day and she called again. My husband seemed embarrassed and got rid of her quickly. I told him he could stop these calls by telling her bluntly he didn't wish to speak to her, but he claims he has already told her that. I trusted him completely until this last call. Do you suppose he enjoys knowing his "ex" is still carrying the torch? How can I put a stop to

DEAR ABBY: My boy friend and I have been going steady for three years and plan to be married this fall. When I was 15 (I am now 22),

Or is this something a second wife must learn to live with?

WIFE NUMBER TWO

DEAR WIFE: An unresolved suspicion is neither healthy nor fun to live with. If your husband does not appreciate these calls, he can put a stop to them by telling his "ex" in more emphatic language. If he "enjoys" them, you have another problem. You are competing with a poor loser who might be angling for another bout.

DEAR ABBY: I agree with your boy friend.

TUESDAY — JUNE 4, 1963

TUESDAY — JUNE 4, 1963

I had a child out of wedlock. My parents are raising her as their own child. Everyone thinks she is my younger sister. I told my boy friend all about it, and he said he didn't care about the past. I believe him too. Abby, before I marry him, I think his parents should be told about my mistake. He says he won't tell them, and as long as my parent plan to raise my little girl as their own, no one needs to know. I think his parents deserve to know about me. Am I right? Or do you agree with my boy friend?

TROUBLED CONSCIENCE

DEAR TROUBLED: I agree with your boy friend.

PERSONALS.

Mr. and Mrs. John T. Murdoch and children, Ricky, Cindy, and Larry, of Madison, Wisconsin, are the guests of their parents, Mr. and Mrs. Philip Murdoch and Mr. and Mrs. John Workman. Mr. and Mrs. Bobby Workman have also been guests in the Workman home.

The New EMILIE LORING Follow Your Heart

CHAPTER 13
"The meeting had been called in the directors' room of the Bellamy Institute of Art for ten o'clock the morning after Jill Bellamy's dinner party at Penn Manor. This was Peter Carr's plan and Jill had followed it blindly, making the arrangements as soon as she had returned from New York."

"She could not bear to remember that day, that perfect day, and the bewitching night. Twenty-four hours later Peter had told Denise Clayton in his arms."

"In a simple white cotton dress with a full skirt, Jill looked incredibly young for the role she was to play. And the person she would have to ex-

pose publicly was Chester Bennett. It seemed to her that she could not do it. Even Peter, who had felt such deadly anger, had showed only gentleness and compassion in dealing with him."

"There was another intolerable problem to face — how much the Bennetts would suffer when they knew the truth. Or had Mr. Bennett suspected the truth? That would account for the unexpectedly violent quarrel between father and son."

"As soon as breakfast was over she got out her car and drove to the Institute. Miss Pritchard was there ahead of her. She held the long blue pages of the catalogue and she was moving from item to item, checking them off the list."

"What's wrong, my dear? You look like a ghost. Didn't it work out according to plan last night?"

"It was Chester Bennett," Jill framed the words soundlessly with numb lips.

"Oh, you poor child! What a shock for you. But we've got to see the thing through, you know. I need your help. I can check the collection against the catalogue. But I haven't your training or your eye. I can't detect copies, if there are any here. I'll leave that to you. When is the meeting to be?"

"Ten o'clock. We have nearly an hour."

"The outer door banged and Abraham Allen came in. His mouth tightened when he saw Jill."

"What on earth are you doing here now?" he asked.

"Looking for substitutions," she told him bluntly. She told him about the boxes that had been hidden in the warehouse and what they had been found to contain."

"This is preposterous, Miss Bellamy. You're setting the whole place by the ears with your meddling."

"I'm not meddling," she said. "I'm working for the good of the collection. I have an honorable record. I wanted to be State Senator. Now that's over. He got up to pace the room. 'Who found the boxes?'"

"Peter Carr."

"Where?"

"In the basement at Penn Manor."

"Allen's eyes narrowed. 'I should have known,' he said in relief. 'He's a crook like his father. That's the real answer. Who never lost an OVC match while competing for Murray; Larry Henson, who played 3 years for Murray; and Bill Bowen, No. 1 man on this year's Racer team.'

Coach Stewart said that if the netters land Bryan and one other top flight player, the team should be 'real tough next year.'

Reminiscing over the past season, the mentor said he was not completely satisfied with the play, but the strong competition must be taken into consideration.

The team finished with an 8-7 record in dual meets but rose to the occasion in the OVC meet at Cookeville, Tenn., to come within three points of upsetting odds-on-favorites, Western. The Racers lost out on the last day.

Coach Stewart said the team did better than everyone expected in the OVC, as "some of the boys really came through for us."

Ag Majors Hold Picnic In Honor of Seniors

Approximately 50 seniors, guests and faculty members attended a picnic honoring graduating senior agriculture majors Monday night.

The picnic was held at the home of Prof. E. B. Hovis, head of the agriculture department.

Netters Should Improve Next Season--Stewart

Looking ahead to next spring and the 1964 tennis outlook, Coach Chad Stewart believes the netters should improve on this season's play.

The Racers will lose their No. 2 man, Dave Payne, and No. 5 man, Jerry Rhoads. Rhoads is a four-year letterman from Henderson. Payne lettered for his second year after transferring from Bellarmine.

Rhoads brought back Murray's only OVC singles title this year, while Payne was runner-up in No. 2 singles and teamed with Capt. Tom Higgins to repeat as No. 2 doubles champs.

Payne closed his college career in top fashion by serving an ace on the last point to win the doubles over Western.

Bob Cooper is expected to be eligible to compete next year after sitting out a season because of grades. The "Louisville slugger" won the No. 1 position in the OVC last year as a freshman and teamed with Rhoads to capture No. 1 doubles.

Pat Bryan, is expected to follow in the footsteps of three other Flora players: John Powless, who never lost an OVC match while competing for Murray; Larry Henson, who played 3 years for Murray; and Bill Bowen, No. 1 man on this year's Racer team.

Coach Stewart said that if the netters land Bryan and one other top flight player, the team should be "real tough next year."

Reminiscing over the past season, the mentor said he was not completely satisfied with the play, but the strong competition must be taken into consideration.

The team finished with an 8-7 record in dual meets but rose to the occasion in the OVC meet at Cookeville, Tenn., to come within three points of upsetting odds-on-favorites, Western. The Racers lost out on the last day.

Coach Stewart said the team did better than everyone expected in the OVC, as "some of the boys really came through for us."

BRIEFS

TUITION RAISE AT LEES

JACKSON, Ky. (UP) — Basic tuition at Lees Junior College will be increased from \$125 to \$175 a semester but extra effort will be made to provide additional grants-in-aid and self-help opportunities, the board of trustees announced last weekend. Dr. Lewis Cochran, association dean of the University of Kentucky graduate school, was named chairman of the board.

BAPTISTS SET PROGRAM

PINEVILLE, Ky. (UP) — Trustees of the Clear Creek Baptist School have authorized a \$5 million development program. The Rev. Jesse Hatfield, pastor of the First Baptist Church, Harboursville, was elected chairman of the board of trustees at its annual meeting.

TUBERCULOSIS SPREADS

LOUISVILLE (UP) — The state Department of Health has announced that the number of known active cases of tuberculosis in Kentucky has increased to 3,298, compared with 2,306 last year. Dr. M. Stuart Lander, director of the department's tuberculosis program said the increase "represents to a considerable extent, better reporting and case finding."

CITY ORDINANCE

Ordinance 404
(Continued)

Occupant shall mean any person living, sleeping, cooking, or eating in, or having actual possession of a dwelling unit, rooming unit, building or portion of a building.

Owner is deemed to mean and include a holder of any legal or equitable title in the premises, whether alone or jointly with others, and whether in possession or not, or any person who shall have charge, care, or control of any dwelling, dwelling unit, or building as owner or agent of the owner or as executor, administrator, trustee or guardian of the estate of the owner.

Parties In Interest means all individuals, associations and corporations who have interests of record in a dwelling or building and any who are in possession thereof.

Person shall mean and include any individual, firm, corporation, association, partnership or trust.

Plumbing means the art of installing in buildings the pipes for distributing the water supply, the fixtures for using water and drainage pipes for removing waste, water and sewage, together with fittings and appurtenances of various kinds, all within or adjacent to the building and including the service pipe which forms the connection between the shut-off valve and curb line and the building, and the house sewer which conveys the waste water and sewage from the building to the street sewer or other point of disposal. The house sewer includes private sewage disposal contraptions, or other methods and storm or rain water piping, if the waste water or sewage is discharged through or connected with the house sewer or house drain.

Potable Water is water duly approved as satisfactory and safe for drinking.

Premises shall mean a platted lot or part thereof, or unplatted lot or parcel of land or plot of land, either occupied or unoccupied by any dwelling or nondwelling structure.

Public Hall shall mean any hall, corridor or passageway not within the exclusive control of one family.

Rooming unit shall mean any room or group of rooms forming a single habitable unit used or intended to be used for living and sleeping but not for cooking or eating purposes.

Rooming House shall mean any dwelling in the part of any dwelling containing one or more rooming units in which space is let by the occupant to three or more persons who are not husband or wife, son or daughter, mother or father, sister or brother of the occupant.

Rubbish shall mean all waste materials except garbage, and the term shall include the residue from the burning of wood, coal, coke and other combustible material, paper, rags, cartons, boxes, excelsior, rubber, leather, tree branches, and trimmings, tin cans, metals, mineral matter, glass, crockery and dust.

Temporary Housing shall mean any tent, travel trailer or other portable structure or vehicle used for human shelter which is not attached to the ground, another building or structure, or any utility for more than 30 consecutive days.

CHAPTER III HOUSING STANDARDS AND CONDITIONS

WARRANT FINDING OF UNFITNESS AND UNSAFETY

301. The Building Official may determine that a dwelling is unfit for human habitation or that any building is unsafe if he finds that conditions exist in such dwelling or other building which are dangerous or injurious to the health, safety or morals of the occupants of neighboring buildings or of the general public. In making such determination he shall be guided without limiting the generality of the foregoing, by the standards and conditions established in Sections 302 and 304 of this chapter.

302. No person shall occupy as owner, occupant or let to another for occupancy any dwelling, dwelling unit, rooming house or rooming unit for the purpose of living, sleeping, cooking or eating therein, which does not comply with the requirements of Sections 303 and 304 of this chapter, nor shall any person use as owner or user or let to another for use of any kind any building which is unfit and unsafe as determined by the standards of this chapter.

303. Minimum Standards Necessary to Make Dwellings Fit For Human Habitation

1. Minimum Standards For Basic Equipment and Facilities

a. Every dwelling unit shall contain a kitchen sink in good working condition.

b. Every dwelling unit shall contain a room which affords privacy to a person within said room and which is equipped with a flush water closet and a lavatory basin in good working condition.

c. Every dwelling unit shall contain, within a room which affords privacy to a person within said room, a bathtub or shower in good working condition.

d. Every kitchen sink, lavatory basin and bathtub or shower required under the provisions of this ordinance shall be properly connected with water lines.

e. Every dwelling, dwelling unit and rooming house shall be supplied with a potable water supply.

f. All plumbing fixtures installed within a dwelling shall be properly connected to sewer lines that discharge into a public sewerage system, or if no public system is available into a private or jointly owned system meeting the requirements of the county and state health departments.

g. Every dwelling unit shall be supplied with adequate rubbish storage facilities.

h. Every dwelling unit shall have adequate garbage disposal facilities or garbage storage containers.

i. Every dwelling unit shall have safe, unobstructed exits leading to safe and open space at ground level, as required by the laws and regulations of the State and City.

2. Minimum Standards For Light, Ventilation and Heating

a. Every habitable room shall have at least one window or skylight facing directly to the outdoors. The minimum total window area, measured between stops, for every habitable room shall be ten percent of the floor area of such room. Whenever walls or other portions of structures face a window of any such room and such light-obstruction structures are located less than 3 feet from the window and extend to a level above that of the ceiling of the room, such a window shall not be deemed to face directly to the outdoors and shall not be included as contributing to the required minimum total window area.

b. Whenever the only window in a room is a skylight-type window in the top of such room, the total window area of such skylight shall equal at least 15 percent of the total floor area of such room.

c. Every habitable room shall have at least one window or skylight which can easily be opened or such other device as will adequately ventilate the room. The total of operable window area in every habitable room shall be equal to at least 45 percent of the minimum window area size or minimum skylight-type window size as required in this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

d. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

e. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

f. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

g. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

h. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

i. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with

openings to outdoor space, used or intended to be used for ventilation shall likewise be supplied with screens, provided that such screens shall not be required during such period in rooms deemed by the Building Official to be located high enough in the upper stories of buildings as to be free from such insects.

h. Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement which might provide an entry for rodents, shall be supplied with a screen or such other devices as will effectively prevent their entrance.

3. Minimum Space, Use, and Location Requirements

a. Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof, and at least 100 additional square feet of floor space for every additional occupant thereof. The floor space to be calculated on the basis of total habitable room area.

b. In every dwelling unit of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof, except that for children under seven years of age, such sleeping room may contain 35 square feet of floor space per such child.

c. At least one half of the floor area of every habitable room shall have a ceiling height of at least 7 feet, and the floor area of that part of any room where the ceiling height is less than 7 feet, shall not be considered as part of the floor area in computing the total area of the room for the purpose of determining the maximum permissible occupancy thereof.

d. No basement or cellar shall be used as a habitable room or dwelling unit unless: The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness; the room of window area in each room is equal to at least the minimum window area sizes as required in Subsection 303 (2) (a) of this ordinance; such room is located entirely above the grade of the ground adjoining such window area; and the total of operable window area in such room is equal to at least the minimum, as required under Subsection 303 (2) (b) of this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

e. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

f. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

g. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

h. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

i. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

j. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with

openings to outdoor space, used or intended to be used for ventilation shall likewise be supplied with screens, provided that such screens shall not be required during such period in rooms deemed by the Building Official to be located high enough in the upper stories of buildings as to be free from such insects.

h. Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement which might provide an entry for rodents, shall be supplied with a screen or such other devices as will effectively prevent their entrance.

3. Minimum Space, Use, and Location Requirements

a. Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof, and at least 100 additional square feet of floor space for every additional occupant thereof. The floor space to be calculated on the basis of total habitable room area.

b. In every dwelling unit of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof, except that for children under seven years of age, such sleeping room may contain 35 square feet of floor space per such child.

c. At least one half of the floor area of every habitable room shall have a ceiling height of at least 7 feet, and the floor area of that part of any room where the ceiling height is less than 7 feet, shall not be considered as part of the floor area in computing the total area of the room for the purpose of determining the maximum permissible occupancy thereof.

d. No basement or cellar shall be used as a habitable room or dwelling unit unless: The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness; the room of window area in each room is equal to at least the minimum window area sizes as required in Subsection 303 (2) (a) of this ordinance; such room is located entirely above the grade of the ground adjoining such window area; and the total of operable window area in such room is equal to at least the minimum, as required under Subsection 303 (2) (b) of this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

e. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

f. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

g. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

h. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

i. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

j. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with

openings to outdoor space, used or intended to be used for ventilation shall likewise be supplied with screens, provided that such screens shall not be required during such period in rooms deemed by the Building Official to be located high enough in the upper stories of buildings as to be free from such insects.

h. Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement which might provide an entry for rodents, shall be supplied with a screen or such other devices as will effectively prevent their entrance.

3. Minimum Space, Use, and Location Requirements

a. Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof, and at least 100 additional square feet of floor space for every additional occupant thereof. The floor space to be calculated on the basis of total habitable room area.

b. In every dwelling unit of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof, except that for children under seven years of age, such sleeping room may contain 35 square feet of floor space per such child.

c. At least one half of the floor area of every habitable room shall have a ceiling height of at least 7 feet, and the floor area of that part of any room where the ceiling height is less than 7 feet, shall not be considered as part of the floor area in computing the total area of the room for the purpose of determining the maximum permissible occupancy thereof.

d. No basement or cellar shall be used as a habitable room or dwelling unit unless: The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness; the room of window area in each room is equal to at least the minimum window area sizes as required in Subsection 303 (2) (a) of this ordinance; such room is located entirely above the grade of the ground adjoining such window area; and the total of operable window area in such room is equal to at least the minimum, as required under Subsection 303 (2) (b) of this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

e. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

f. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

g. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

h. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

i. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

j. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with

openings to outdoor space, used or intended to be used for ventilation shall likewise be supplied with screens, provided that such screens shall not be required during such period in rooms deemed by the Building Official to be located high enough in the upper stories of buildings as to be free from such insects.

h. Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement which might provide an entry for rodents, shall be supplied with a screen or such other devices as will effectively prevent their entrance.

3. Minimum Space, Use, and Location Requirements

a. Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof, and at least 100 additional square feet of floor space for every additional occupant thereof. The floor space to be calculated on the basis of total habitable room area.

b. In every dwelling unit of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof, except that for children under seven years of age, such sleeping room may contain 35 square feet of floor space per such child.

c. At least one half of the floor area of every habitable room shall have a ceiling height of at least 7 feet, and the floor area of that part of any room where the ceiling height is less than 7 feet, shall not be considered as part of the floor area in computing the total area of the room for the purpose of determining the maximum permissible occupancy thereof.

d. No basement or cellar shall be used as a habitable room or dwelling unit unless: The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness; the room of window area in each room is equal to at least the minimum window area sizes as required in Subsection 303 (2) (a) of this ordinance; such room is located entirely above the grade of the ground adjoining such window area; and the total of operable window area in such room is equal to at least the minimum, as required under Subsection 303 (2) (b) of this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

e. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

f. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

g. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

h. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

i. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

j. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with

openings to outdoor space, used or intended to be used for ventilation shall likewise be supplied with screens, provided that such screens shall not be required during such period in rooms deemed by the Building Official to be located high enough in the upper stories of buildings as to be free from such insects.

h. Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement which might provide an entry for rodents, shall be supplied with a screen or such other devices as will effectively prevent their entrance.

3. Minimum Space, Use, and Location Requirements

a. Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof, and at least 100 additional square feet of floor space for every additional occupant thereof. The floor space to be calculated on the basis of total habitable room area.

b. In every dwelling unit of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof, except that for children under seven years of age, such sleeping room may contain 35 square feet of floor space per such child.

c. At least one half of the floor area of every habitable room shall have a ceiling height of at least 7 feet, and the floor area of that part of any room where the ceiling height is less than 7 feet, shall not be considered as part of the floor area in computing the total area of the room for the purpose of determining the maximum permissible occupancy thereof.

d. No basement or cellar shall be used as a habitable room or dwelling unit unless: The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness; the room of window area in each room is equal to at least the minimum window area sizes as required in Subsection 303 (2) (a) of this ordinance; such room is located entirely above the grade of the ground adjoining such window area; and the total of operable window area in such room is equal to at least the minimum, as required under Subsection 303 (2) (b) of this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

e. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

f. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

g. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

h. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

i. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

j. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with

openings to outdoor space, used or intended to be used for ventilation shall likewise be supplied with screens, provided that such screens shall not be required during such period in rooms deemed by the Building Official to be located high enough in the upper stories of buildings as to be free from such insects.

h. Every basement or cellar window used or intended to be used for ventilation, and every other opening to a basement which might provide an entry for rodents, shall be supplied with a screen or such other devices as will effectively prevent their entrance.

3. Minimum Space, Use, and Location Requirements

a. Every dwelling unit shall contain at least 150 square feet of floor space for the first occupant thereof, and at least 100 additional square feet of floor space for every additional occupant thereof. The floor space to be calculated on the basis of total habitable room area.

b. In every dwelling unit of two or more rooms, every room occupied for sleeping purposes by one occupant shall contain at least 70 square feet of floor space and every room occupied for sleeping purposes by more than one occupant shall contain at least 50 square feet of floor space for each occupant thereof, except that for children under seven years of age, such sleeping room may contain 35 square feet of floor space per such child.

c. At least one half of the floor area of every habitable room shall have a ceiling height of at least 7 feet, and the floor area of that part of any room where the ceiling height is less than 7 feet, shall not be considered as part of the floor area in computing the total area of the room for the purpose of determining the maximum permissible occupancy thereof.

d. No basement or cellar shall be used as a habitable room or dwelling unit unless: The floor and walls are impervious to leakage of underground and surface runoff water and are insulated against dampness; the room of window area in each room is equal to at least the minimum window area sizes as required in Subsection 303 (2) (a) of this ordinance; such room is located entirely above the grade of the ground adjoining such window area; and the total of operable window area in such room is equal to at least the minimum, as required under Subsection 303 (2) (b) of this ordinance, except where there is supplied some other device affording adequate ventilation and approved by the Building Official.

e. Every bathroom and water closet compartment shall comply with the light and ventilation requirements for habitable rooms contained in subsections (a) and (b) above, except that no window or skylight shall be required where the bathrooms and water closet compartments are equipped with a ventilation system which provides ventilation equivalent to that in (b) above.

f. Where there is electric service available from power lines, which are not more than 300 feet away from a dwelling, every habitable room of such dwelling shall contain at least two separate, floor or wall-type electric convenience outlets, or one such convenience outlet and one in-piped ceiling-type electric light fixture, and every water closet compartment, bathroom, laundry room, furnace room, and public hall shall contain at least one supplied ceiling or wall-type electric light fixture. Every such outlet and light fixture shall be properly installed, shall be maintained in good and safe working condition, and shall be connected to the source of electric power in a safe manner.

g. Every public hall and stairway in every multiple dwelling containing five or more dwelling units shall be adequately lighted at all times. Every public hall and stairway in structures devoted solely to dwelling occupancy and containing more than four dwelling units may be supplied with conveniently located light switches, controlling an adequate lighting system which may be turned on when needed, instead of fulltime lighting.

h. Every dwelling shall have heating facilities which are installed and maintained in accordance with the Kentucky Standards of Safety and are capable of safely and adequately heating all habitable rooms, bathrooms and water closet compartments in every dwelling unit located therein to a temperature of at least 70 F., at a distance three feet above floor level, when the outside temperature is 0 F.

i. Fuel-burning space heaters located in sleeping rooms or rooms generally kept closed, shall be connected to a suitable chimney, flue or gas vent. There shall be provided an adequate air supply for combustion through one or more openings to the exterior, or by means of fixed opening to interior spaces which open to the exterior.

j. From May 15 to October 15 every door opening directly from a dwelling unit to outdoor space shall have supplied screens and a self-closing device, and every window or other device with
